Chapter 1 by xCringe

My name is Hannah, and I have a confession...

I'm in love with a goldfish.

And not any goldfish.

MY goldfish.

I've always wanted to turn into a goldfish(or him to turn human), so he can fall in love with me too and we can be happy. Together, forever. But how?

It's clearly not meant to be, but I've NEVER looked at a guy and fell for him, like my goldfish. I know that me and my goldfish(his name is Finn) are meant to be. I love him. Yet, it is forbidden.

It's going to happen. But, once again, how?

"Dear, what are you doing?" She asked, though I got the distinct impression she knew exactly what I was doing. Before I could respond she went on in her high pitched, whistly voice. "You know it's unhealthy to pine away for a goldfish, and since you don't have a mother to tell you so, I guess I will. Dear, what you're doing is perverted, and you need to get off your stupid lazy ass to start doing things other than look at some goldfish who can't even look back at you." And with that, she disappeared, along with the goldfish bowl.

Chapter 3 by Testing 123

Noooooooo, I yelled, and scrambled to the place where the rude old lady had once been. Suddenly, though the lady poofed back and said, "On second thought, you keep it, I don't want a dirty old goldfish." After saying that she dropped the goldfish bowl on the floor, the bowl shattering into a million tiny glass pieces. I cried try to save my poor goldfish but it was useless, so I just sat there crying. But then, in a twinkle of light the goldfish started shimmering and he became a handsome boy that looked about two years older than me. I immediately blushed as I saw him and blushed even more when I heard the old lady's voice in my ear saying, "He's all yours now....."
